Alerts Page

The image displays two separate screenshots of an 'Alerts' page, likely from a mobile application. Both screenshots feature a header with a bell icon and the word 'Alerts' followed by a count of unread notifications (2 for the left, 0 for the right). Below the header, the left screenshot lists three distinct alert types, each with a small icon and a detailed message:

- Emma marked Present**
Emma Johnson was marked present today at 8:15 AM
Feb 16, 8:15 AM
- Leave Request Approved**
Your leave request for Emma Johnson (Feb 10-12) has been approved
Feb 06, 12:00 AM
- Lucas marked Late**
Lucas Johnson arrived late today at 8:45 AM
Feb 15, 8:45 AM

The right screenshot shows a similar header but indicates '0 unread' notifications. It features a large, central bell icon and the text 'No notifications'.
